Ansys SpaceClaim & Discovery 기본 교육

교육비

- 일반 ₩600,000/1인
- 학생 ₩300,000/1인

일차	목차
1일차	Module 01: Introduction Discovery Overview Module 02: User interface and Basic Operations - Workshop 02.1 : Pull, Move, Fill, Combine, Sketching for CAE Prep Module 03: Geometry Prep for Fluids - Workshop 03.1 : Fluid Volume Extraction Air intake Module 04: Fluid Flow - Workshop 04.1 : Duct System - Workshop 04.2 : Pipe - Workshop 04.3 : Manifold Module 05: Rotational Fluid Zone - Workshop 05.1 : Mixing Tank
2일차	Module 06: Porous media - Workshop 06.1 : Air intake with Filter Module 07: Thermal & Fluid Solid Heat Transfer (CHT) - Workshop 07.1 : Router - Workshop 07.2 : IGBT Cooling Module 08: Fluid Solid Heat Transfer with Radiation - Workshop 08.1 : Oven Module 09: Geometry Prep for Structures - Workshop 09.1 : Mounting Bracket
3일차	Module 10: Structural Analysis - Workshop 10.1 : Flow control valve simplified - Workshop 10.2 : Structural Engine Mounts Part Module 11: Structural Analysis – Setting up Contacts - Workshop 11.1 : Suspension Parts Module 12: Modal Analysis - Workshop 12.1 : Tube Assembly Simplified
